Dear Santa,

For Christmas I
would like a bikesikle,
a book about horses
and a miner's helmet.

From,
Amy.

PS - How does Rudolph's
nose glow so bright?

PPS - I wish my nose could
glow. Then I wouldn't need
a night light!

PPS - The night light I have
right now is shaped like a
turtle.

You spend the rest of the

Melissa

"I have to confess that SPACE BOY is the first webtoon I've ever read and... I love it! I fell in love with Oliver since the 1st chapter! Thank you!! Greetings from Colombia"

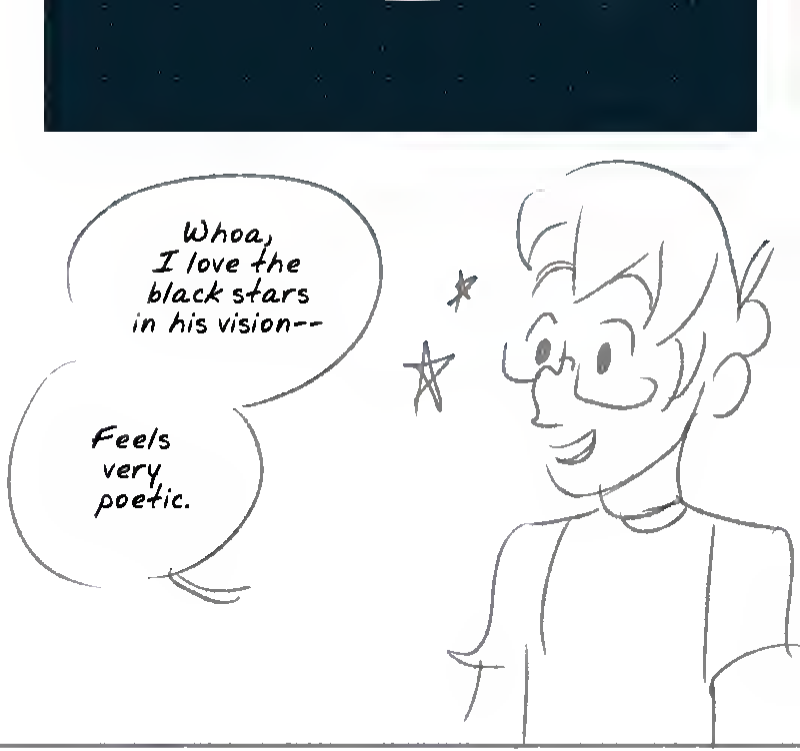
Great drawing of Oliver--
Thanks Melissa!

Caledonia C.

"I really adore your webcomic (and totally cool art style) and I drew a thing??? I think Oliver is totally my favorite!"



Whoa, I love the black stars in his vision--
Feels very poetic.

Pyx

"I love Oliver. He is my favorite character due to the fact that he is unpredictable and mysterious. Here is something I drew since I ship them hard. (*^*)"

who does, ha ha.
We need to come up with an official name for Oliver and Amy shippers--
What do you think guys, Olivamy? Amiver? Olivamer? Amivoly? Arolimvey?
what?

nitten

"I like Amy, she is still so young and innocent, just learning how to be. I look forward to seeing her grow more mature. I hope she can keep her positivity as an adult, even after experiencing hurt."

I hope so too.
It's hard growing up because you realize more and more how scary the world is-- and so you have to hold on harder and harder to hope.
It's hard, but there is hope out there to be had-- I believe it!

Crixis

"This is a pixel amy i made and i have a question Who's the main character of space boy amy or oliver?"

That's a good question.
I would say Amy is the main character, but the story is about Oliver--
He's at the center of what Space Boy is about.
I don't know. What do you guys think?

Next week will be a set of Lil Amy strips, and the main storyline will return the week after that.

Thank you!
